

At Cambridge Wedding Cars, we understand that creating your perfect wedding is a lot of work and that waiting for wedding car companies to get back to you with a quote for hiring one or more of their vehicles can be frustrating and time-consuming. To help you get on with planning the rest of your big day, we have created this pricelist with packages you can choose from to suit your day. Because of the specialist service we provide it would be hard to have a single hourly or daily charges listing. However we do realise that you will want some idea of the charges for our service so we have put together some examples packages we offer. But it should be noted that these can vary subject to distance and time. Please call or email with your full requirements for a tailor made package and a firm quote.
