The people who help you arrive in style

oing to the school prom is without doubt one of the most significant events in the life of a teenager.

There's so much to organise, and the period leading up to prom day is one of the most hectic that parents are ever going to experience with their children.

However, when it comes to arranging a prom car or cars, you can relax safe in the knowledge that this is a family-owned business that will definitely get things right on your biggest of days.

Wallis Rentals is owned by the Wallis family, who own the wellknown and respected Wallis & Son quality car dealership, Cambridge Wedding Cars and garage business based just outside Cambridge in the attractive village of Barton.

Wallis Rentals is run by company director Elliot Wallis, who is also dealer principal at Wallis & Son.

As with all areas of the family's

business, exemplary standards are maintained at all times.

So, if you require a dream car for your prom, you know where to look – Wallis Rentals offers a personal service tailored to meet your exact needs and is second to none.

Its prom fleet consists of modern, luxurious prestige cars – like the Aston Martin, Bentley and Range Rover – as well as many classic cars, all in pristine condition throughout and expertly maintained in-house by Wallis & Son's team of skilled and highly experienced technicians.

It can offer these cars for hire for 24 hours or even longer on a selfdrive basis, as long as the driver is

over 30 years old. Normally, Wallis Rentals finds that Dad is not too worried about having a day in a sports car or a classic - and Mum's not too worried either if Dad takes her out to dinner for the evening while the children are at their prom!

WALLIS AND SON PROMCARS a luxury car for your prom day
